CONSPECTUS

CODD. MSS. HEBRAEORUM

IN BIBLIOTHECA BODLEIANA.

APPENDICIS INSTAR

AD CATALL. LIBRORUM ET MSS. HEBR.,

SUB AUSPICIIS CURATORUM,

DIGESSIT

M. STEINSCHNEIDER.

BEROLINI

EXCUDIT A. FRIEDLAENDER,

MDCCCLVII.

INDEX I.

INDEX II.

secundum numerum generalem decurrentem Catal. MSS. Angl.

[1]) Codd. Hunt. 5 et 6 numero generali 5752 errore signati sunt, hinc Cod. Hunt 7 est 5753 etc.

[2]) Numerus specialis non est continuus, N.8623 est 6, N.8686 est 137.

PRAEMONITUM.

CODICES MSS. hebr. in Bibliotheca Bodleiana servati jam hodie numerum excedunt 2000 voluminum, quem nulla alia Biblioth. publica, ne dicam privata, assecuta, neque facile assecutura est. Eorum longe maxima pars ad Collectiones pertinuit olim celeberrimas Germaniae, Italiae et Poloniae, quas spatio fere annorum quadraginta, sub auspiciis curatorum corradere studuit protobibliothecarius Rev. DR. B. BANDINEL; inter quas imprimis maximae sunt OPPENHEIM. (A.1829) et MICHAEL (1848), minores CANONIC. (1817), BISLICHIS (1850) et REGGIO (1853), quarum tres jam in Catalogis hebraicis, venditioni inservientibus, quodammodo recensitae sunt. Collectiones exiguae et Codd. singuli e remotis Europae, Africae et Asiae oris conquisiti, collectionibus majoribus annectuntur et sic in Catal. MSS. mihi edendo describendi erant. Codd. antiqui descripti sunt in particula prima (p.1-98) Catalogi a Jo. URI (A.1787 in fol.) editi, ubi vero non modo Codd. nonnulli desunt, Urio nunquam traditi, sed in Codd. descriptis libelli integri et tractatuli non pauci omissi sunt, operum descriptorum tituli et argumenta auctorumque nomina etc. non raro desiderantur; notitiae (passim correctiores vel locupletiores) GAGNIERII de pluribus Codd., insertae Tomis III,IV Bibliothecae hebr. WOLFII, nullibi laudantur. Quâ de causâ „Addenda et Corrigenda" ad calcem Catalogi MSS. adjicienda, revisis jam inde ab A.1851 Codd. plurimis, congessi et paravi; ad ea (abbreviaturâ „ADD.") in Conspectu sequente lectorem ablegavi, ubi opp. omnino supplenda sunt; auctores vero et titulos apud Urium desideratos vel emendandos ASTERISCO notavi et uncinis inclusi (citato passim loco Catal.i librorum hebr., nunc fere finiti)[1]; locos, ut spero omnes, ubi Codd. apud WOLFIUM [„W"] laudantur, in notis indicavi; quae denique ap. W. erronea sunt vel huc non spectant, in Appd. 3 contuli. Hujus conspectus tamen causam, usum et necessitatem

[1]) Codd. nonnullos, qui male compacti erant, denuo disposui et perfectius recensui.

non in rebus quaeras, occasione data et sine voluminis fere incremento annotatis, sed in collatis designationibus et numeris variis, quibus Codices, passim transpositi, in catalogis et hinc in operibus bibliographicis, variis temporibus, significati sunt, ita ut Codex idem passim eodem loco bis laudetur (v. e. g. p.1 sub 19). Haec admodum me vexarunt, Codicum Bodleianorum recensiones varias primum conferentem, ut eos dignoscerem, qui apud Urium desiderentur. Ipsa signa et numeri ab eo notati postea magna ex parte mutati sunt; tabula ejus Catalogo adjecta in plurimis exemplaribus desideratur, neque multum prodest, quia numeros Codicum secundum ordinem ipsius catalogi, adjectis signis et numm. fere iisdem, repetit. Aliud subsidium typis exscriptum frustra quaesivi. Neque in Codd. ipsis omnibus, neque in expl. ullo Catalogi MSS. suo tempore ubique significati sunt loci et numeri mutati (e. g. Codd. HUNT. et POC.). E notis praesertim Wolfii in T. I, qui Catal. MSS. Angl. (adhibito Indice auctorum) non aequabiliter excerpsit (modo nimirum numerum generalem, modo specialem, vel addito vel omisso nomine collectionis citans), Codicum locus hodiernus in ipsa Bibliotheca, nedum numerus ap. Urium (cujus Index auctorum ipso catalogo imperfectior est et incorrectior), non facile eruendus est, nec ubique identitas Codd. illorum cum iis, quos WOLFIUS in TT. III et IV aliter designat. Inter tanta discrimina A. 1851 Conspectum hunc, quo e Codicis quavis designatione quaevis alia inveniri possit, aggressus sum, adhibitis omnibus Bibliothecae subsidiis, quae in usum meum convertere potui, continuataque inquisitione et combinatione. Si vero in tabulis sequentibus longe plurima mihi tandem constiterunt, pauca tantum e conjectura veri simillima proposui, perpauca in dubiis relinquere coactus fui, haec quidem assequi non poteram nisi assistente benigne Rev. DRE. BANDINEL, qui abhinc decem Annos studia mea et labores intra Bibliothecam Bodleianam et extra ad Catalogum perficiendum quantum potuit promovit, et ut dubia mea solveret nulli pepercit labori.

JAM superest, ut tabularum veluti clavem tradam in primis iis, quibus CATALOGUM MSS. ANGLIAE (fol. OXON. 1697) adire non licet (suntque sane non pauci inter literarum hebr. cultores), itaque historiam Biblioth. Bodl., in praef. Catal. laudati narratam, quoad Codd. hebraeos, partim excerpam partim ad hunc diem continuem.

CONSPECTUS specialis dispositus est alphabetice secundum VIII nomina Collectionum, sub quibus Codices hebraici, inter o r i e n t a l e s potissimum, hodie servantur:

I. CODD. BODLEIANI (p.22) pertinent Collectioni, quae circa A. 1812 (cum Rev. DR. BANDINEL Codd. orientales plurimos in unum congregaverit membrum, hinc dictum orientale:

„Oriental room“) constituta est et aucta e collectionibus pristinis variis, quarum Codd. orientales non tanti erant, ut seorsim servarentur, atque e Codd. singulis postea ad diem nostrum conquisitis, ita ut eorum summa jam numerum 600 excurrat. Collectio illa hodie nomine Bodl. or[ient.] significatur, vel simpliciter „Bodl.“ in Catalogis, qui ad Codd. tantum orientales spectant (ut in P. II, seu Catal. Codd. Arab., a Nicoll et Pusey edito f. Oxon. 1821,35); in Catalogo libr. hebr. et in Conspectu hoc signum „Bod.“ non sine causa adoptavi.

B) COLLECTIONES SPECIALES 8 pristinas, e quibus Codd. Bod. or. colligebantur, alphabetico quoque ordine absolvi, paucaque de iis notanda sunt: 1. Bodl. Codd. sunt ii, quos Bibliothecae ab eo nuncupatae fundator clarus (A.1602) Th. Bodley (mrt. 28. Jan. 1612)[2]) plerosque donavit[3]). 2. Ed. Bernardi Codd. inter excusum Catal. MSS. Angliae ejusque praef. acquisiti sunt. 3. Carol. Hattoni Codd. olim annexi erant iis, qui in (4.) Hyperoo (seu parte superiore aedificii) collocati erant, ut quoque ii qui antea in (6.) Museo Bibliothecarii fuerant (unde ita in Indice Catal. MSS. Angliae nuncupantur), et seorsim quoque numerati sunt. 5. Th. Mareschallus (Marshall) Codd. plurimos Bibliothecae testamento (1682), et moriens (1685) legavit[4]), qui A.1687 novum acceperunt numerum. 7. Th. Roe A.1640 una cum Seldeno Academiae Burgensis fuit[5]). 8. Th. Tanneri Codex una cum aliis Saec. XVIII. Bibliothecam auxit. — Unde alii singuli nondum descripti provenerint, ut Gagnierii (initio Saec. XVIII.) etc., suis locis indicabitur.

II) Rob. Huntingdonii Codd. emti sunt A.1693; — III) alios donavit A.1678,1680,1683 — IV) Codd. Archiepiscopi Guil. Laudii (mrt. A.1645) variis temporibus donati sunt. — V) Narc.

---

[2]) Vid. Vitam praemissam Catal. MSS. Angliae, ubi f. c 2: „Ne orientales deessent [Codd.] juvenem harum linguarum peritum in Turcicas Regiones mittere constituisse, Epistolae ostendunt“.

[3]) Numeri speciales hujus classis in *Catal. MSS. Angl.* vario modo (partim in Indice tantum) significantur. In Indice „nota NE. insigniti“ dicuntur, i. e. *New End,* quia illo tempore haec bibliothecae pars postrema exstructa erat. [Hinc etiam Codd. nonnulli *Bern.* pro tempore signum NE. acceperunt, v. p.23, unde corr. „AE.“ p.3 et 22, ex err. typ. ap. *Uri* 76,77 repetitum. Signo EN. (i. e. *Extra Numerum*) distincti sunt Codd. singuli, post A.1697 additi.] Subdividuntur per literas et numeros ad f.11 usque, cujus n.18 est 2495. Inde a n.2496 (p.129) sunt (sec. Indicem) *supra Art.* (i. e. supra libros Artium) *A.*; n.2600 (p.140) incip. super *D.* 1 *Art.*, n.2725 (p.146) supra *M.* 4 *Art.* etc.; n.2784 (p.149) incip. (sec. Indicem) *Arch. A. Bodl.*; n.2963 (p.152) *Rotulae in Archivo A,* numerus specialis male 176 sq. (ultimus praeced. enim erat 179), haecque Rotulae olim seorsim numerabantur (v. p.23 B.1); n.2990 (p.153) incip. *Arch. B.*, n.3127 (p.156) *Arch. C.*

[4]) Catal. MSS. Angl. p.272 et in historia Bibliothecae Bodl. in limine T. I. — De confusione cum *Marsh.* v. infra.

[5]) L. c. ultimo.

MARSH Archiep. Armachanus Codd., partim e GOLII Bibliotheca coemptos, moriens (A.1713) Bibliothecae legavit, in quam die 12. Augusti 1714 illati sunt [6]). Wolfius, ubi Gagnierii notitias de nonnullis refert, non semel [7]) sed constanter eos male Mareschall. nuncupat; omnino vero neglexit recensionem 19 Codd. hebr. in Catal. MSS. Angl. (l. l. in Indice nostro II), ubi idem Marshius est „NARCISSUS Archiep. Dublinensis“ [8]). — VI) ED. POCOCKII Codicum, A.1693 emtorum, Catalogus MS. cum pretiis (quibus delectari possint, qui bibliopolii historiam persequuntur) servatus est [9]). — VII) RIC. RAWLINSONII, cir. 1756 illati Codd. partim nunc BOD. nomen ferunt, partim SUB FENESTRA [10]) collocati sunt. — VIII) JO. SELDENII, auctoris notissimi, Codd A.1659, post ejus mortem quinto, obtigerunt Bibliothecae.

PRAETEREA exiguus est numerus Codd. hebr., qui sub nomine SAM. CLERICI inter orientales huc spectant, scil. n.8,9 (URI 35,36; Cat. MS. Angl. I p.181 n.3926,7) et quodammodo n.12 (ib. n.3930), qui ex hebr. D. Kimchii versus est (cf. W[1]p.304). Sed hujusmodi Codd. non mere hebraici, vel ut ita dicam amphiglotti plures in variis collectionibus servantur, quos interim e Conspectus provincia exclusi.

QUAE itaque ad explicanda omnia Codd. hebraeorum signa, numeros etc., in catalogis et operibus bibliograph. occurrentia, in volumen quidem parvum congessi, postquam per septennium fere in eis desudavi, ut aliorum tempori parcatur, benevole accipe, errata corrige [11]).

---

[6]) *Nicoll,* Catal. p.503 col. 2, quem adde ap. *Dozy,* Catal. Codd. orient. Bibl. Lugd. 1851 Proleg. p. XIII; in recensione auctarii Biblioth. Marshianae (in Catal. MSS. Angl. II,2 p.61 sq., ubi Hebraica tamen nulla observavi) *Golii* notae, versiones etc. frequenter laudantur.

[7]) Cf. *Nicoll* l. c. p.493 ad p.8, v. in Conspectu p.2 sq. sub Numm.54,151,152,288,419,422,469.

[8]) V. laudati Catal. praef. f.2. — Ne hujus imperfectae quidem (e 35 Codd. 19 tantum exhibentis) recensionis collatio desideretur, uncinis hic includam ad ejus numerum specialem (generalis decurrens est 978) numerum hujus collectionis hodiernum (v. Consp. p.29); sunt 1(10), 2(607), 3(21), 4(91), 5(643), 6(626), 7(45), 8(142,[1]), 9(499), 10(116), 11(382), 12(344), 13(142,[2]), 14(90 vel 549?), 15(285), 16(574), 17(114), 18(347 vel 410?), 19 „Scripta quaedam imperf. etc.“ qui Cod. nunc sit, definiri nequit. *Golii* Catal. non contuli.

[9]) *Saadiae Gaon* opus Arab. e. g. 10 ß valuit!

[10]) *Sub fenestra,* propter formam maximam, collocati sunt Codd. A-D, ut praeterea *Bod. Arch.* A.95-7 (*Uri* 7-9, ut leg. p.23), 177 (*U.* 60), 186 (*U.* 32), *rot.* 184 (*U.* 368) et 5 *Laudiani* enumerati p.28 (ubique leg. sub *fen.*).

[11]) Quae mihi innotuerunt sunt: P.3 sub 63-5 et p.6 sub 154 dele vocem *supra.* — P.16 n.419,[4] leg. *Epist.* — P.17 n.437 leg. *Tab.* — P.25 lin. 1 leg. II) et lin. 2 leg. Asterisco; adde not. 3 et 10.

CONSPECTUS CODD. MSS.
